

What Others Are Saying

About Our Services . . .

Cannon United Methodist Church Snellville, GA

"We use it to target specific subdivisions with our community mailers as well as to map out route for door to door visits. We have been able to reduce the cost of our mailings in addition to making sure we get to the areas we have identified as having a large number of unchurched."

First Baptist Denton, TX

"We love the opportunities for outreach that [Community Connector] offers -- as well as managing our prospect information --and allowing members to find and reach out to the community -- It is THE TOOL FOR OUTREACH!!!"

Wilderness Community Church Locust Grove, VA

"We do monthly mailings to our new neighbors and periodic mass mailings to the 3000 closest households to our church. We have a steady flow of visitors as a result and we continuously have new people who choose to become attenders and then members."

Bellaire Central Baptist Church Bellaire, TX

"We are using [Community Connector] for our mailing campaigns. We have targeted zip+2 neighborhoods. We started our new service ... with 25 people. At Easter ... we had 75 and last week ... we had 55. Either way we have doubled in our first 8 months. We do outreach on Saturday mornings and we use the mapping software to display areas where we are visiting. We number the houses on each block and then keep a record of our contacts and the results."

Quail Springs Church of Christ OKC, OK

"We used [Community Connector] for organizing prayer walks and neighborhood groups for 40 Days of Purpose. Being able to equip volunteers with names of real people living around them gave validity to the whole project. It sent a message that we are serious about reaching people in our neighborhoods. Our members have reached out to their neighbors more in the last couple of months than in the last 20 years."

The Woodlands UMC The Woodlands, TX

"[Community Connector] helped us vision our community care services and helped us target areas that needed special attention."

Dallas Baptist Assn. Dallas, TX

"We were able to divide up our entire two county area of over 800,000 homes among 500 churches to make sure every home got a clear presentation of the gospel. We were about 80% successful. We used it to help divide portions of the entire Metroplex (Dallas and Fort Worth metropolitan area) among churches interested in reaching their communities through the Book of Hope emphasis. This virtually eliminated any overlapping of coverage."

Trinity Lutheran Church Roselle, IL

"We hand out a map and prayer list to the New Members of the church. The map helps connect them with other members in their neighborhood and the prayer list encourages them to pray and serve their non-member friends. Mapping Center data helps us to notice demographic changes in neighborhoods and create new plans of outreach. We have also utilized Mapping Center information in doing door-to-door community canvasses and targeting new move-ins. We are excited about using [Community Connector] to encourage small group involvement and link non-members with our members."

Travis Oaks Baptist Church Lago Vista, TX

"I used it primarily to map the membership and show the areas of the region we were not reaching."

Eastside Baptist Church Marietta, GA

"We have used it several times for mass mailing at considerable savings. Used also for neighborhood mapping and outreach."

"It has helped us to get a visual look at where our people live and where we need to focus our ministry efforts."

First Baptist Church Jonesboro Jonesboro, GA

"We have used [Community Connector] for reaching people who have recently moved into the area. We send visitation teams out with welcome packets. We have had some great visits and results with this."

First Baptist Church West Monroe, LA

"It has allowed me to break the area down into manageable neighborhoods where we can assign a team to minister to the different neighborhoods."

Northlake Baptist Church Garland, TX

"[Community Connector] gives us the ability to plug our members into residents that move near them so we have the opportunity to share Christ and our church with new people in our neighborhoods. We give them welcome bags and on many such occasions people have expressed their desire to find a church home."

Northwest Baptist Convention Vancouver, WA

"We are currently preparing for the largest saturation event in nw history using [Community Connector]. We will use opinion polls to take the gospel to 150,000 home in a one-week period. The software has already helped us saturate these areas with prayer walking and it has helped us unite about 60 churches across several denominational lines. We anticipate up to 2-500 professions of faith during the intensive week"

Siskiyou Baptist Association Medford, OR

"We are currently using it for prayer walking . The result has been that thousands of people have been prayed for by name . It is also being used to map communities for conducting religious opinion pools."
